

TECHNICAL SPECIFICATION

E27

PENDANT LAMP

"The simplicity of the naked bulb is hard to compete with. It stands for something that feels romantic and contemporary at the same time. E27 departs from the essence of a lamp - the socket - creating a simple yet strong object that celebrates the potential beauty in simplicity." Mattias Ståhlbom on the design.

PROCESS

E27 is pressed in vulcanised silicone rubber under high temperature. The cord is extruded. Inside socket and cord is assembled by hand.

DESIGNED BY / YEAR OF DESIGN

Mattias Ståhlbom / 2008

TYPE

Pendant light

LAMP DESCRIPTION

E27 can be used as a single light source, in pairs, rows or even in clusters to create a modern Scandinavian chandelier.

ENVIRONMENT

Indoor

MATERIAL

Silicone/rubber, plastic socket and PVC cord.

COLOUR / REFERENCE CODE

Dark grey, White, Yellow, Red, Green, Purple, Black, Blue, Light Grey, Light Green, Rose

CANOPY / BALDAKIN

Non. Offered separately

VOLTAGE (V)

18W E27 halogen bulb. 220-240V, energy class C with average lifespan of 1800 hours.
40W E27 Normal Bulb. 220-230V, energy class E with average lifespan of 1500 hours.

CORD LENGTH (MM)

4000 mm (if longer cord is needed - please contact us. But note that minimum quantities applies)

WEIGHT (KG)

0,6

CLEANING INSTRUCTION

Clean with soft dry cloth only.
Always switch off the electricity supply before cleaning.
