

## Connox – The Facts

*Connox is one of Europe's leading online shops for home design. The company, based in Germany, has websites across Europe with thousands of selected premium products, including a broad range of award-winning designer products, design classics and other beautiful items for the home. The customer comes first for the Connox team, and is central to every working decision. Connox customers benefit from high quality service, a readily available customer care team and a modern shop dedicated to the user experience. The specially developed shop software "EC Suite" enables a high technological flexibility and guarantees the latest security standards. Here you can read an overview of the most important information – updated August 2016.*
